### **About:**

Dr. Kevin R. Hanz is a board-certified plastic surgeon in Dallas, TX, with extensive training and more than 15 years of experience in aesthetic and reconstructive surgery. He earned his medical degree from Case Western Reserve University and completed his plastic surgery training at University of Texas Southwestern Medical Center, one of the top-ranked plastic surgery programs in the United States.

Dr. Hanz has a special focus on facial rejuvenation and body contouring, combining advanced surgical techniques with an artistic approach to achieve refined, natural-looking results. He was the first plastic surgeon in Dallas to offer FaceTite and BodyTite radiofrequency technologies, reinforcing his commitment to providing patients with leading-edge treatment options designed to enhance outcomes and reduce downtime.

While Dr. Hanz remains at the forefront of modern aesthetic technology, his philosophy centers on subtle, balanced results that enhance a patient's natural features rather than altering them. Every treatment plan is personalized to support long-lasting results, patient safety, and a refreshed, natural appearance.

### **Specialties and Expertise:**

Dr. Hanz is a board-certified plastic surgeon in Dallas, TX, recognized nationally for his leadership in advanced aesthetic surgery and minimally invasive body contouring. He was the first plastic surgeon in Dallas to offer FaceTite and BodyTite, innovative radiofrequency skin tightening technologies developed by InMode Aesthetics. As a national spokesperson for InMode, Dr. Hanz also trains physicians across the country on the safe and effective use of these advanced technologies.

In addition, Dr. Hanz serves as a national fellowship director for Elite Body Sculpture, a cutting-edge body contouring practice known for delivering customized results without needles, scalpels, or stitches. He performs nearly 300 procedures each year using advanced, minimally invasive techniques designed to sculpt natural contours while minimizing downtime and supporting optimal recovery.

At the forefront of modern aesthetic medicine, Dr. Hanz combines technical precision with an artistic eye to deliver refined, natural-looking results. He remains deeply committed to innovation

in facial rejuvenation, body contouring, and aesthetic surgery, ensuring patients benefit from the latest advancements in the field.

Dr. Hanz specializes in cosmetic surgery of the face, body, breast, and skin, offering highly personalized treatment plans tailored to each patient's anatomy and aesthetic goals. His comprehensive surgical expertise includes breast augmentation, breast reduction, mommy makeover surgery, facelift procedures, and liposuction. Through meticulous surgical technique and a patient-centered approach, Dr. Hanz prioritizes safety, comfort, and beautiful, confidence-restoring outcomes for every individual he treats.
